

**10TH ADELAIDE
ENDOSCOPIC MANAGEMENT OF
VASCULAR INJURIES WORKSHOP
29th August 2017**

Venue: LARIF, 101 Blacks Road, Gilles Plains

INTRODUCTION:

The most dramatic complication in endonasal surgery is inadvertent injury to the ICA causing massive bleeding which is often fatal. This course provides the unique opportunity for ENT and Neurosurgeons to improve their endoscopic skills in surgically managing this challenging complication, and to become familiar with the haemostatic options available. Ideally the neurosurgeon and ENT surgeon would register as a team, allowing the team to develop the skills together in a cooperative fashion.

Emphasis on this course is hands-on dissection providing the opportunity to learn how to position and manage the instruments during such a challenging surgical field, and enabling vascular control.

This will be a very intensive, but hopefully enriching course.

P R O G R A M

The course commences 0830 for Registration and finishes at 1700 and will include the following:

LECTURES	FACULTY
<ol style="list-style-type: none"> 1. Vascular complications during skull base surgery and outcomes 2. Management of surgical field during EES 3. Surgical steps for venous and arterial models 4. Outcomes of vascular injuries 5. Does training make a difference? 	PJ Wormald Rowan Valentine Alkis Psaltis Alistair Jukes Suresh Rajapaksa Eng Ooi Sam Boase Vikram Padhye Jae Murphy
SHEEP MODEL EXERCISES	<i>Course Convenors:</i> PJ Wormald & Rowan Valentine <i>Nursing Assistant:</i> Bronwyn Hindley-Cooke
2-Surgeon technique Assistant (for all procedures) - Primary surgeon (for all procedures) Venous lake bleeding - Managing surgical field and high flow bleeding - Floseal management - Aquamantas management - Direct clamp closure - Anastoclip repair - Aneurysm clip repair Carotid artery injury - Managing surgical field and high flow bleeding - Muscle patch - Direct Clamp Closure - Anastoclip repair - Aneurysm clip repair	Bus pick up from Stamford Plaza Hotel, North Terrace at 0715 to take delegates to LARIF 101 Blacks Road, Gilles Plains
PANEL DISCUSSION	
Challenging vascular injuries & management	

REGISTRATION FORM

10th Adelaide Endoscopic Management of Vascular Injuries Workshop

29th August 2017

Venue: LARIF, 101 Blacks Road, Gilles Plains

Please post, fax or email completed form to:

10th Adelaide Endoscopic Management of Vascular Injuries Workshop,
Otolaryngology-H&NS (3C), The Queen Elizabeth Hospital,
28 Woodville Road, Woodville South SA 5011

Fax: +61 8 8222 7419

Email: lyn.martin@adelaide.edu.au

Tax Invoice
