

Selection Regulations for Surgical Education and Training in Neurosurgery 2018 Intake

Royal Australasian College of Surgeons & Neurosurgical Society of Australasia

1 INTRODUCTION

- 1.1 These Regulations establish the principles, terms and conditions for the selection process for the Royal Australasian College of Surgeons (RACS) Surgical Education and Training Program in Neurosurgery (SET Program) for the 2018 intake conducted during 2017.

2 SELECTION CRITERIA

- 2.1 Applicants are expected to have adequate insight in neurosurgery to make an informed decision about the specialty as a potential career path.
- 2.2 Applicants are expected to have appropriate basic surgical skills including sterile techniques, suturing, selection and use of instrumentation and the ability to tie both single and double handed surgical knots and appropriate wound closure.
- 2.3 Applicants are expected to be able to accurately perform detailed neurological histories and clinical examinations.
- 2.4 Applicants are expected to be able to perform the safe insertion of intracranial pressure monitors and management of the same.
- 2.5 Applicants are expected to be able to independently setup image guidance and registration.
- 2.6 Applicants are expected to be able to competently perform a safe lumbar puncture.
- 2.7 Applicants are expected to be able to independently balance, setup, and drape an operating microscope and have an understanding of the use of the controls and functions.
- 2.8 Applicants are expected to be able to perform the assessment and management priorities of a patient with severe head injury.
- 2.9 Applicants are expected to be able to perform the clinical assessment of a multi-trauma patient.
- 2.10 Applicants are expected to be able to perform the safe patient positioning for basic spinal and cranial surgical procedures.
- 2.11 Applicants are expected to be able to conduct the early management and investigation of a patient with a potential spinal injury.
- 2.12 Applicants are expected to be able to manage the post-operative care of a patient following craniotomy.
- 2.13 Applicants are expected to be able to perform ventriculostomy placement and management.
- 2.14 Applicants are expected to be able to perform the proper draping, scalp incision and craniotomy flap placement for surgical evacuation of haematoma and common neurosurgical procedures.

3 ELIGIBILITY REQUIREMENTS

- 3.1 Applicants intending to apply for selection to the SET Program must register in accordance with the RACS Registration for Selection into Surgical Education and Training Policy available at www.surgeons.org. Applicants not registered cannot lodge an application for the SET Program.
- 3.2 Applicants must satisfy the generic eligibility requirements for the SET Program, being those outlined in the RACS Selection to Surgical Education and Training Policy available at www.surgeons.org.
- 3.3 In addition to the generic eligibility requirements, applicants to the SET Program must have completed a minimum 24 weeks' full time equivalent dedicated neurosurgical experience in the three years immediately prior to application. For this purpose, only neurosurgical experience obtained while employed in a hospital with a neurosurgical department where the role involves

Selection Regulations for Surgical Education and Training in Neurosurgery 2018 Intake

Royal Australasian College of Surgeons & Neurosurgical Society of Australasia

pre and post-operative patient management and participation in morbidity and mortality meetings will be considered. Private assisting experience will not be considered.

- 3.4 In addition to the generic eligibility requirements applicants must have satisfactorily completed the RACS Generic Surgical Sciences Examination at the time of application.

4 APPLICATION PROCESS AND REQUIREMENTS

- 4.1 Applications can only be submitted by registered applicants using the neurosurgery online application form. Applications will open on 1 March 2017 12:00pm AEDT and close on 31 March 2017 12:00pm AEDT. No other form of application will be accepted and no extensions will be granted.
- 4.2 Applicants must pay a selection application fee of \$AUD950 at the time of application to be considered for selection. This fee is non-refundable as of the closing date for applications and is inclusive of the examination fee.
- 4.3 The information collected as part of the application and during the selection process will be used to assess the applicant's suitability for the SET Program. Information may be disclosed to other parties or where required to do so by law. The Board may verify the information provided within the application with external institutions or individuals, and gather additional information in order to process the application. Failure to provide the information requested by the Board will deem the applicant ineligible for selection and their application will be withdrawn. By submitting an application, the applicant is consenting to the collection, use, disclosure and storage of the information by the Board or its agent.
- 4.4 By submitting an application, the applicant is consenting to references being collected, and to the named neurosurgical consultants within the application providing the information requested by the Board as part of the Reference Report process.
- 4.5 By submitting an application, applicants are certifying that the information provided is correct and in accordance with these Regulations. If it is subsequently discovered that the applicant has provided incorrect or misleading information, either intentionally or by mistake, the applicant may be automatically deemed unsuitable.

5 SELECTION PROCESS

- 5.1 Applicants who satisfy the eligibility and application requirements will be considered in open competition for selection to the SET Program.
- 5.2 The selection process uses four selection tools, each contributing the following weightings to the overall selection score out of 100:
- | | |
|---|-----|
| a) Structured Curriculum Vitae | 15% |
| b) Neurosurgery Anatomy Examination | 30% |
| c) Reference Report | 30% |
| d) Neurosurgery Semi-Structured Interview | 25% |
- 5.3 Applicants must score a minimum of 50.00% (5.5 out of 11 points) for the Structured Curriculum Vitae to be deemed suitable for selection. This will be scored in accordance with Section 6.
- 5.4 Applicants must score a minimum of 70.00% (196 out of 280 marks) for the Neurosurgery Anatomy Examination to be deemed suitable for selection. This will be scored in accordance with Section 7.
- 5.5 Applicants will receive notification of their performance in the Structure Curriculum Vitae and Neurosurgery Anatomy Examination on or prior to 5 May 2017.
- 5.6 Applicants who satisfy the standards in Regulation 5.3 and 5.4 will proceed to the preparation of a Reference Report. All other applicants will be deemed unsuitable and will not proceed further in the selection process.

Selection Regulations for Surgical Education and Training in Neurosurgery 2018 Intake

Royal Australasian College of Surgeons & Neurosurgical Society of Australasia

- 5.7 Applicants must score a minimum of 50% (50 out of 100 points) for the Reference Report to be deemed suitable for selection. This will be scored in accordance with Section 8.
- 5.8 Applicants who satisfy the standard in Regulation 5.7 will be ranked according to their combined score for the Structured Curriculum Vitae, Neurosurgery Anatomy Examination and Reference Report (which equates to a score out of 75 points). All other applicants will be deemed unsuitable and will not proceed further in the selection process.
- 5.9 The top 24 ranked suitable applicants following Regulation 5.8 will proceed to the Neurosurgery Semi-Structured Interview (short listed applicants). In the event two or more applicants are ranked equally, the number of short listed applicants interviewed will be increased to accommodate those equally ranked for the 24th position. All other applicants will be deemed unsuccessful and will not proceed further in the selection process.
- 5.10 Applicants will receive notification of their performance in the Reference Report and short listing for the Interview on or prior to 30 June 2017.
- 5.11 The Interview will be scored in accordance with Section 9.
- 5.12 On completion of the Interviews applicants will be ranked according to their combined score for the Structured Curriculum Vitae, Neurosurgery Anatomy Examination, Reference Report and Interview (which equates to a score out of 100 selection points).
- 5.13 In ranking for Regulation 5.12, in the event two or more applicants are ranked equally, the Reference Report score will be the differentiating factor. In the event the applicants still remain equal, the Interview will be the differentiating factor. In the event the applicants still remain equal, the Neurosurgery Anatomy Examination will be the differentiating factor. In the event the applicants still remain equal, the Board will have discretion to make the final decision regarding the ranking on review of the selection documentation, applicant experience and performance.
- 5.14 Applicants who rank high enough in comparison to the intake will be deemed successful and will be allocated to a training post. All other applicants who do not rank high enough to be offered a post will be deemed unsuccessful. It is estimated the intake will be 8 trainees.
- 5.15 Applicants will receive notification of their performance and this determination on 24 July 2017.
- 5.16 Where an applicant is successful, they will receive notification of their allocated training post and associated training documentation. Applicants must accept the offer in accordance with the instructions from the Board within the timeframe specified. Failure to do so will be an automatic decline of the offer.

6 STRUCTURED CURRICULUM VITAE

- 6.1 Each Structured Curriculum Vitae will be scored by one staff member and one neurosurgeon using a structured scoring system. Any discrepancy in the two scores which cannot be reconciled by the scorers will be reviewed by the Board Chair to determine the correct score.
- 6.2 Neurosurgical experience completed at the closing date for applications, undertaken in post graduate year two or later as part of a dedicated neurosurgical rotation may be scored up to a maximum of **4 points**. For this purpose, there are two scoring scales. The first is for neurosurgical experience obtained while employed in an institution with an accredited training post for the SET Program in Neurosurgery at the time the experience was obtained (Accredited Unit). The second is for neurosurgical experience obtained while employed in an institution which did not have an accredited training post for the SET Program in Neurosurgery at the time the experience was obtained (Non-Accredited Unit). The scoring for full time experience (rounded to the nearest whole week) is as follows:

	<u>Accredited Unit</u>	<u>Non-Accredited Unit</u>
a) 25 – 34 weeks	0.50 points	0.25 points
b) 35 – 44 weeks	1.00 point	0.50 points
c) 45 – 54 weeks	1.50 points	0.75 points
d) 55 – 64 weeks	2.00 points	1.00 point

Selection Regulations for Surgical Education and Training in Neurosurgery 2018 Intake

Royal Australasian College of Surgeons & Neurosurgical Society of Australasia

e) 65 – 74 weeks	2.50 points	1.25 points
f) 75 – 84 weeks	3.00 points	1.50 points
g) 85 – 94 weeks	3.50 points	1.75 points
h) 95 or more weeks	4.00 points	2.00 points

6.3 Intensive care unit (ICU) experience completed at the closing date for applications as part of a dedicated ICU term may be scored up to a maximum of **1 point** as follows for full time experience (rounded to the nearest whole week):

a) 8 – 10 weeks	0.50 points
b) 11 or more weeks	1.00 point

6.4 Journal articles and case reports published or accepted for publication in a refereed journal or book chapters relevant to neurosurgery may be scored up to a maximum of **2 points** as follows provided each publication scored is on a sufficiently different topic:

a) Journal article 1 st author	2 points
b) Book chapter 1 st author	2 points
c) Journal article 2 nd author	1 point
d) Book chapter 2 nd author	1 point
e) Case report 1 st author	1 point

6.5 Oral presentations or posters of the applicant's original work, selected through a competitive abstract submission process and personally presented by the applicant at a national or international scientific meeting at the closing date for applications may be scored up to a maximum of **1 point**. The scoring is as follows:

a) Poster presentation	0.50 points
b) Oral presentation	1 point

6.6 Completed university qualifications, excluding the primary medical qualification, which are **relevant to neurosurgery** may be scored up to a maximum of **3 points** as follows:

a) Doctor of Philosophy	3 points
b) Doctoral degree	2 points
c) Masters degree	1 point
d) Bachelor degree with honours by thesis	1 point
e) Postgraduate diploma	0.50 points

6.7 The Board may request evidence of successful completion of any component of the Structured Curriculum Vitae from applicants at any time during the selection process. Failure to provide the requested evidence within the timeframe given may result in scoring not being allocated.

6.8 The scores for the five sections within the Structured Curriculum Vitae will be combined to provide an overall score out of a possible 11 points.

6.9 Applicants must score a minimum of 50.00% (5.5 out of 11 points) for the Structured Curriculum Vitae to be deemed suitable for selection.

6.10 For applicants satisfying the minimum standard in Regulation 6.9, the Structured Curriculum Vitae score will be recorded as a percentage. The selection tool weighting will then be applied which is 15%. As such, the applicant will receive a selection score for the Structured Curriculum Vitae out of a maximum 15 points.

7 NEUROSURGERY ANATOMY EXAMINATION

7.1 The Examination will be a single paper with 70 multiple choice neurosurgery anatomy questions and scored out of a total of 280 marks. The Examination will run for 100 minutes.

7.2 The recommended reading is Last's Anatomy, Regional and Applied, 9th Edition, 1998 (reprinted 2003) – McMinn R.M.H., Churchill Livingstone.

Selection Regulations for Surgical Education and Training in Neurosurgery 2018 Intake

Royal Australasian College of Surgeons & Neurosurgical Society of Australasia

- 7.3 The Examination will be conducted in Sydney, Australia on Wednesday, 19 April 2017 at 12.00pm. The time shown is the local time for the venue.
- 7.4 There will be no separate fee charged for the Examination. This is included in the selection application fee.
- 7.5 It is the applicant's responsibility to make the appropriate travel arrangements and to meet any costs incurred in attending the Examination.
- 7.6 Applicants must make themselves available at the scheduled Examination time and venue. Applicants who do not present for the Examination at the scheduled time and venue will not be considered further in the selection process and their application will be withdrawn.
- 7.7 Applicants must score a minimum of 70.00% (196 out of 280 marks) for the Examination to be deemed suitable for selection.
- 7.8 For applicants satisfying the minimum standard in Regulation 7.7, the Examination score will be recorded as a percentage. The selection tool weighting will then be applied which is 30%. As such, the applicant will receive a selection score for the Examination out of a maximum 30 points.

8 REFERENCE REPORT

- 8.1 Applicants who satisfy the standards in Regulation 5.3 (the Structured Curriculum Vitae standard) and 5.4 (the Neurosurgery Anatomy Examination standard) will proceed to the preparation of a Reference Report.
- 8.2 The preparation of the Reference Report for each applicant will be the responsibility of two neurosurgeons, with at least one being a member of the Board (the Assessors).
- 8.3 The Assessors together (via teleconference or in person) will personally speak with three neurosurgical consultants with whom the applicant has worked to assist them in preparing a Reference Report.
- 8.4 In selecting the neurosurgical consultants to obtain information from to assist in preparing the Reference Report, the Assessors may contact any neurosurgical consultant the applicant has worked with in the three years prior to application, except current Board members and those neurosurgical consultants involved as Assessors in the preparation of Reference Reports.
- 8.5 A pro forma Reference Report will be used. The Reference Report will have assessment areas focused on the following:
 - a) Technical expertise
 - b) Medical expertise
 - c) Judgement - clinical decision making
 - d) Professionalism and ethics
 - e) Collaboration and teamwork
 - f) Communication
 - g) Management and leadership
 - h) Health advocacy
 - i) Scholarship and teaching
- 8.6 The Board may send advanced notification to the neurosurgical consultants to be contacted and include information regarding the areas to be explored during the discussion which informs the Reference Report.
- 8.7 Having considered the responses from all interviews, the Assessors must arrive at a consensus score for each of the assessment areas using the scoring guidelines and scales shown in the Reference Report. Notes justifying the score given must be recorded in the Reference Report.

Selection Regulations for Surgical Education and Training in Neurosurgery 2018 Intake

Royal Australasian College of Surgeons & Neurosurgical Society of Australasia

- 8.8** Applicants must score a minimum of 50% (50 out of 100 points) for the Reference Report to be deemed suitable for selection.
- 8.9** For applicants satisfying the minimum standard in Regulation 8.8, the Reference Report score will be recorded as a percentage. The selection tool weighting will then be applied which is 30%. As such, the applicant will receive a selection score for the Reference Report out of a maximum 30 points.

9 SEMI-STRUCTURED NEUROSURGERY PANEL INTERVIEW

- 9.1** The short listed applicants determined in accordance with Regulation 5.9 will be eligible to present for the Neurosurgery Semi-Structured Interview.
- 9.2** All Interviews will be held in Melbourne, Australia on Friday, 14 July 2017. It is the applicant's responsibility to make the appropriate travel arrangements and to meet any costs incurred in attending the Interview.
- 9.3** Applicants must make themselves available at the scheduled Interview time. Applicants who do not present for the Interview at the scheduled time will not be considered further in the selection process and their application will be withdrawn.
- 9.4** Each Interview will be approximately one hour in duration and consist of four scenario and experience based sections, each with multiple questions designed to assess the suitability of the applicant.
- 9.5** Applicants will rotate through four Interview panels. Each panel will ask the same designated section of the Interview.
- 9.6** Each panel must arrive at a consensus score for their section of the Interview using the scoring guidelines and scale shown in the Interview score sheet. Notes justifying the score given must be recorded in the Interview score sheet.
- 9.7** The Interview scoring scale is as follows:
- | | |
|-------------------------|----------|
| a) Unsatisfactory | 1 point |
| b) Improvement needed | 2 points |
| c) Meets expectations | 3 points |
| d) Exceeds expectations | 4 points |
| e) Exceptional | 5 points |

- 9.1** The panel consensus scores for the four sections of the Interview will be combined to provide an overall score out of a possible 20 points.
- 9.2** The Interview score will be recorded as a percentage. The selection tool weighting will then be applied which is 25%. As such, the applicant will receive a selection score for the Interview out of a maximum 25 points.

10 REVIEWS AND APPEALS

- 10.1** An applicant may request a review of a score or decision relating to the selection process. Applications must be addressed to the Board Chair and received within 7 days of the applicant being notified of the score or decision.
- 10.2** The review process cannot revoke the assessment of an applicant and replace the assessment with an alternate assessment unless it is established an error has occurred in the formulation of the original score or decision, or relevant and significant information existing at the time of the original score or decision was not considered or not properly considered.
- 10.3** In submitting an application, the applicant must include the grounds for the review and any relevant supporting information.

Selection Regulations for Surgical Education and Training in Neurosurgery 2018 Intake

Royal Australasian College of Surgeons & Neurosurgical Society of Australasia

- 10.4** The Board Chair (or nominee) will undertake the review on the basis of the evidence taking into account the quality and relevance of supporting information. It is the applicant's responsibility to ensure all the evidence available to support their submission accompanies the application.
- 10.5** The Board Chair (or nominee) must make a determination in writing to:
 - a) Affirm the original score or decision; or
 - b) Revoke the original score or decision and provide an alternate score or decision.
- 10.6** The applicant will be notified in writing of the outcome as determined by the Board Chair or nominee within 14 days of receipt of the application.
- 10.7** Notwithstanding the above, any person adversely affected by a decision relating to the selection process may appeal in accordance the RACS Appeals Policy.
